

CERCEDILLA

What to see:

When I think of *Cercedilla*, the first thing that pops into my head is nature. An hour from **Madrid**, this mountainous town is an incredible place for hiking, **adventure activities** and typical, not-for-show kind of food. In the summer, there's also an **amazing natural swimming pool** (take a look at our post), meaning a manmade pool filled with natural running water from the mountain's streams and rivers, so you can enjoy a **refreshing dip** while enjoying the beautiful surroundings.

If you would like to go to Cercedilla but the idea of hiking scares you, there's a train that travels around the **Guadarrama mountains**. The train is called "**Tren de la naturaleza**" and runs every Thursday and Friday from the beginning of July to the end of September.
