## What to see:

After living in **Madrid** for a while, you learn how to survive the summer heat ([pools help a lot](#)) and **Buitrago de Lozoya** has become an integral part of my method to avoiding the high temperatures. An hour and a half away from the city, you will find this beautiful city surrounded by a **wall** that was built during the **IX and XI centuries**. Here, enjoy the breeze from the **Lozoya River** and the views of the **Somosierra** mountains. Find your spot in the plaza while drinking a beer and looking up at **Buitrago de Lozoya's Castle**.

*A little secret of the town will be revealed soon... so keep an eye on the blog!*
